

CATCH YOUR BREATH: Understanding a Lung Cancer Diagnosis and Treatment Options

Wednesday, March 7, 2018 | 6 p.m.

Capital Health Medical Center – Hopewell

NJ PURE Conference Center, One Capital Way, Pennington, NJ 08534

Lung cancer is the leading cause of cancer death in the United States and the second most diagnosed form of cancer. Unfortunately, lung cancer symptoms usually aren't seen until the cancer is advanced. Join DR. DIANA KOLMAN, a fellowship trained interventional pulmonologist from Capital Health – Pulmonology Specialists and the Capital Health Cancer Center, to discuss lung cancer risk factors, symptoms, screening options, and individualized approaches to care that improve the quality of life for those who are diagnosed.
